

HARDING, PERPLEXED BY RAIL STRIKE, MAY CALL ON HOOVER FOR FACTS

Other Efforts to Bring About a Settlement Having Failed, President Takes More Direct Hand in the Move to Bring the Disputants Together

SENATORS FAILED TO GET ENCOURAGEMENT

When They Were in Conference With Executives of Leading Eastern Railroads Who Were Insistent That There Would Be Restoration of Seniority Rights

Washington, D. C., July 21. (By the Associated Press).—President Harding was said by administration advisers, who conferred with him today, to contemplate as his next move in the railroad strike the summoning to Washington of Chairman Hooper of the railroad labor board for a full discussion of the questions at issue between employees and executives.

President Harding was advised today by Chairman Cummins and Senators Watson, Indiana, and Kellogg of Minnesota, of the Senate interstate commerce committee, of the unavailing efforts made by them in conference with several leading eastern railroad executives last night to obtain a basis for settlement of the railroad strike.

Three interstate commerce committee members went to the White House shortly after 9 o'clock and laid before the President the full details of the conference last night at a Washington hotel with the railroad executives. They declined to discuss their report prior to its presentation to the president.

On leaving the White House the senators said they had merely made a report to the president concerning the meeting with the executives.

It was said that future conferences "probably" would be held but it was not stated who would participate.

Senator Cummins seemed pessimistic over the outlook but Senator Watson was more optimistic.

The railroad executives in their conference were understood to have declared emphatically that there could be no restoration of seniority rights of those employees on strike. Restoration of seniority they were said to hold, would violate the word of the railroads as given to the workers who fill the places of those who walked out and no such violation could be considered by the railroad managements.

The seniority question accordingly was held to be the big event at issue. Samuel Gompers, president of the American Federation of Labor, in a statement issued today invited the government to urge that the striking coal miners and the striking railroad workers and their respective employers inaugurate direct negotiations.

GOV. COX NOT ASKED TO CALL OUT TROOPS

Not to Assign Extra Police for Any Part of Massachusetts in Connection With Rail Strike.

Boston, July 21.—Governor Cox said today that an investigation by the state police into the reported shooting of James Rago, Boston and Maine employee, at East Deerfield last Wednesday night, had shown that the incident had no connection with the railroad strike. Rago is in the Greenfield hospital with a wound in the hip, which his comrades and the police said was inflicted by a bullet.

The governor asserted that he received no requests for troops or extra police for duty in any part of the state. He added that he hoped there would be no trouble, but said he wanted the trains kept running.

Governor Cox asserted that he met James H. Rustie, president of the Boston & Maine, on the street yesterday, and that they discussed the strike situation informally. The governor said he asked Mr. Rustie to communicate to him immediately any knowledge of disturbances on railroad property.

TO BE POINCARRE GUEST.

James M. Cox of Ohio Meets French Officialdom.

Paris, July 21. (By the Associated Press).—Former Governor James M. Cox of Ohio will be the guest of Premier Poincarre at a dinner at the ministry of foreign affairs to-morrow evening. A number of higher French officials will be present.

Mr. Cox, who was quoted today by French morning newspapers on the only statement on the league which he had made was that while governments came and went the league was a steady, lasting force, and therefore, the hope of the world.

MONTPELIER

Harold Farnsworth, Out on Bail, Was Found in Mineola, L. I., Jail.

Harold Farnsworth, who was released in bail of \$250, furnished by his father, Alva O. Farnsworth, here on a charge of grand larceny, has been located in the Mineola, L. I., jail where he is awaiting trial on a charge of burglary. Chief of Police P. J. Conolly received word last evening from a sergeant of police in Stamford, Conn., which is across Long Island sound from Mineola, that Farnsworth and Thomas Ray, alias Tyles, were arrested there and told the police they took a Ford car with a New Jersey license, which they had in Stamford, from some point near Lake Champlain.

The car, which is a New Jersey registration plates numbered 1508 and carried a camping outfit, is being held at Stamford until the owner can be located. It is understood that the charge against Farnsworth will be tried at Mineola, is not connected with the taking of the automobile. Whether Tyles is also in jail is not yet known here. Farnsworth's alleged offense here was the taking of some bedding from the Colton shops. Previous to the bringing of this charge, he was in court with Tyles on a charge of petty larceny in connection with the loss of a watch and money by Frank Shields. Both pleaded guilty. Farnsworth being let go in bail of \$200, furnished by his father, and Tyles being allowed to go on his own recognition. Whether Tyles will be tried at Mineola is not known here.

Further investigation of the stolen Ford car to-day brought to light the fact that except for the difference of one digit in the engine number, thought to be a mistake in reading, the car description is the same as that of one stolen from Frank M. Aldrich of Burlington recently. This would tally with Farnsworth's statement of where he and Tyles took the car. As sent out from Stamford, the engine number of the Ford was 2801490, while the number of Aldrich's engine was 2301490. Aldrich had Vermont registration plates with the number 20-951.

These plates are now beyond a doubt somewhere in New Hampshire, as Phillete W. Vail, a summer camper at Lake Sunapee, reported this morning to the secretary of state's office that his garage was broken into a few days ago and the New Jersey plates 1-508, found on the Ford, were stolen with some other things. Later, he states, two young men were observed taking off Vermont or Massachusetts plates from a small car, probably a Ford, and attaching New Jersey plates. He had the idea that the car must have been stolen and communicated his suspicions to Charles Pierce, chief clerk of the automobile department. A woman and a child were in the car with the two young men, Mr. Vail wrote.

Governor James Hartness and Mrs. Hartness and Henry B. Shaw, secretary of civil and military affairs, and Mrs. Shaw were in the city today.

An audience of several hundred gathered in the vicinity of the Pavilion hotel last evening for the concert given by the Montpelier Military band, which played on the hotel veranda.

A good advance sale has been made of seats for the concert to be given by Sousa's band in the city hall here this afternoon under the direction of Arthur W. Dow of Burlington. The band will arrive by train at Montpelier after the concert for Burlington, where it will play in the evening. Besides the famous Sousa marches and other selections by the full band, solos will be rendered by Miss Marjorie Moody, soprano, Miss Winifred Bambrick, harpist, John Dolan, cornet, and Carey, xylophone.

C. H. Gompers, commissioner of education, today addressed an open meeting of the Calais Woman's club at the East Calais church. On Saturday afternoon he will attend the exercises connected with the laying of the cornerstone of the new high school building in Orleans.

Chief of Police P. J. Russell of Burlington must feel that he is in luck, for beside being put on the track of the Ford car stolen from Frank Aldrich of Burlington, he also received word from Charles Pierce, chief clerk of the automobile department, of the whereabouts of another stolen car. Sheriff Mott of Alburgh informed Mr. Pierce today that a Ford coupe had been found on a back road north of Alburgh with the plates 10-390 attached. These plates were issued to Weyette C. Hutchins of North Hero. Under the back seat of the coupe were the plates 507 issued to R. V. Chessman of Alburgh, which have been missing over a week. Chief Russell had the engine number of a missing Ford coupe, but did not have the name of the owner at the time Mr. Pierce called him.

Will Foley, who has been serving a sentence for a second offense of intoxication in Washington county jail, has been committed, on Governor Hartness' warrant, to the state hospital at Waterbury for the test of his sentence. He became insane while serving his time in the jail.

State Auditor Benjamin Gates is in Burlington today to make the quarterly checking of city court accounts.

George M. Jones, appraiser for the federal land bank of Springfield, Mass., conferred with John H. Stone, secretary First National Farm Loan association, to-day before leaving for Calcut, where he will inspect the farms of applicants for loans.

TALK OF THE TOWN

Massachusetts, attention Collector will be at Home bakery Saturday afternoon from 2 to 5 a.m.

Mr. and Mrs. A. L. Houghton of South Barre have returned from a "honeymoon" visit in Massachusetts.

TROOPS PLACED IN CONCORD, N. H.

Two Companies of State National Guard on Duty To-day

CROWDS WATCHED DETRAINMENT

Railroad Claims It Has Enough Men to Carry on Work

Concord, N. H., July 21.—Two companies of the New Hampshire National Guard, ordered out yesterday afternoon by Governor Albert O. Brown, on request from Mayor Henry E. Chamberlin and the Boston and Maine railroad following a disturbance on Tuesday night in which 15 new workers were driven from their quarters, were assigned early to-day to their posts on railroad property here. The troops comprise 150 officers and men from batteries C and D and of the 197th anti-aircraft field artillery.

Adjutant General Charles W. Howard, who was on hand late last night when the troops came in on special trains, to-day formed a provisional battalion. Captain Arthur L. Smith of the Portsmouth battery was placed in command.

Major George W. Merrill, state quartermaster, forwarded sufficient supplies to the troops to last for several days. Railroad officials reaffirmed statements that they have sufficient number of men to handle the company's work. New employees were expected to arrive to-day the official said.

Crowds watched the detrainment of the troops. There was no demonstration and the soldiers went quietly about their duties.

Calling of state troops to Concord for strike duty was condemned to-day in a statement signed by President E. P. Hunneman, Vice-President Charles L. Smith and Secretary W. J. Langley of the Concord Federated Railroad Shop Crafts. The statement says:

"The mayor of our city in defiance of the law and the constitution of the B. & M. officials and a few of the leading men of Concord used his authority by calling on the governor for state troops, ignoring the city marshal and officers of the federated crafts, who promised that the situation could be ably handled without outside assistance."

"Up to date there has been no damage to property and no serious disturbances to necessitate calling of state troops."

"The federated crafts, as citizens and taxpayers of the city of Concord, go on record as opposed to calling state troops in unnecessary expense to the public."

"If the city government or city marshal of Concord see fit to call on the members of the federated crafts for police duty, they have the full co-operation of this body."

Several striking shopmen, on the Concord police rolls as special officers, were called for duty, responded and actually went out as guards and patrolmen Thursday evening.

SEARCHLIGHTS INSTALLED.

To Turn Light on Boston & Maine Property at Springfield.

Springfield, Mass., July 20.—Searchlights have been installed at the local Boston & Maine shops and yards and will be put into operation to-night. It was announced by Division Superintendent C. M. Woodward, who said the step was taken to minimize the likelihood of violence growing out of the shop strike. He said that practically every worker in the shops has been threatened by strikers and that, in addition, their families had been warned to have the men quit their jobs. He said further that several men have been attacked.

Yesterday when a group of men entered the premises by means of a gate that had been discussed for years past were taken to close all entrances to the yards. Superintendent Woodward said that it was found impossible to get evidence to prosecute for threats of violence owing to the disinclination of the men threatened to testify.

Walter Rutherford, spokesman for the striking shop workers here, entered emphatic denial to the statement of Superintendent Woodward regarding violence or threats and ascribed the protective steps taken as due to timidity.

NO BULLET DISCLOSED.

In Hip of Railroad Worker Reported Shot While Swimming.

Greenfield, Mass., July 21.—Physicians said today that an X-ray photograph had failed to disclose a bullet in the hip of James Rago of Boston who, according to the reports of his company, as well as the East Deerfield police and officials of the Boston and Maine railroad, was shot while swimming near East Deerfield Wednesday night with fellow Boston and Maine shop workers. After Rago was wounded he was carried by his companions to police headquarters in East Deerfield and was later removed to the Greenfield hospital.

His comrades reported to police and railroad officials that several shots had been fired from bushes near the river. Officials refused to say whether it was possible that the wound had been inflicted by a sharp stone.

TO DIRECT COAL DISTRIBUTION

Government Plan of Action Will Be Announced To-day

RAILROADS WILL GET FIRST SUPPLY

Said Secretary Hoover After Cabinet Meeting

Washington, D. C., July 21. (By the Associated Press).—The government's plan to direct coal distribution during the present strike emergency will be ready for announcement before night, Secretary Hoover indicated on leaving to-day's cabinet. Railroad supplies of fuel will be taken care of before any attempt is made to direct movement of coal preferentially to any geographical section of the country; it was added.

PENNSYLVANIA TROOPS FOR COAL FIELDS

About 1,100 National Guardsmen Ordered Out By Gov. Sproul as a Preventive Measure.

Harrisburg, Pa., July 21.—Approximately 1,100 Pennsylvania National Guardsmen were preparing to-day, in response to Governor Sproul's order, to move to the bituminous coal fields in the southwestern section of the state for strike duty. In ordering out the troops Governor Sproul said the peace of the commonwealth and the rights of its citizens would be preserved no matter what the cost.

Movement of the soldiers to the soft coal districts is the first to be made as a preventive measure. Heretofore guardsmen have been ordered out when disorder occurred.

This is the first time units of the National Guard have been placed on coal strike duty since 1902, when the entire guard was ordered into the anthracite fields.

CONSERVING COAL

Agencies Are at Work in View of Increasing Decline.

Washington, D. C., July 21.—As a first step toward conserving for most essential use the country's coal supply, now declining more sharply under the effect of a car shortage at mines operating during the strike, the interstate commerce commission, and the commerce department to-day were drawing up a scheme for diverting coal to transportation lines now verging on a shortage.

By the use of priority orders, to be put into effect probably within a day or two, coal from non-union mines and those that may be opened up in union territory, will be diverted to meet the needs of these roads and others as they appear.

OHIO TROOPS MOVE.

Sent Into Strategic Points, in Coal Producing Districts.

Columbus, Ohio, July 21.—Ohio National Guardsmen to-day were stationed at two strategic points in Ohio coal producing districts ready for any emergency which may arise in connection with the carrying out of President Harding's protection plan for operation of coal mines.

The troop movement and the mobilization of additional guard units was authorized by Governor Davis late yesterday.

OHIO OPERATOR ASKS FOR U. S. TROOPS

Claims Gov. Davis of That State Refused to Furnish Any Protection.

Columbus, O., July 21.—Declaring that local officials are unable to cope with the situation and that "Governor Davis has refused to furnish us any protection," the Consolidated Coal and Coke company of Butler, Pa., through its attorneys here, to-day telegraphed President Harding asking federal troops be sent to guard the company's operations near New Straitsville, Perry county, Ohio.

UPTON SINCLAIR CANDIDATE.

Seeks Nomination for Senator Against Hiram Johnson.

San Francisco July 21.—Fillings of candidates for the California primary in August had closed to-day. The time limit expired last night.

Among the last minute petitions was that of Upton Sinclair of Pasadena, author, who filed for United States senator on the socialist ticket, adding his candidacy to those of Senator Hiram Johnson and Charles C. Moore, Republicans, and William J. Pearson, Democrat.

Representative Julius Kahn was listed for both the Republicans and Democrats in the fourth district, and in the fifth district John Nolan filed on the tickets of both parties.

Governor William D. Stephens is opposed for re-election by Friend W. Richardson, Republican; Mattison B. Jones, Democrat; and Alexander Horst, Socialist.

HOUSTING ARISTOCRATS.

From Public Posts in Prussia, Says Berlin Report.

Berlin, July 21. (By the Associated Press).—The Prussian cabinet is replacing retired officials of aristocratic lineage with members of the coalition parties. Posts formerly occupied by aristocrats are being taken over by social democratic and labor leaders and members of the liberal parties.

JUDGE WARNS DI CARLO ON EXCESSIVE NOISE

After New Resident of Nahant's Exclusive Section Had Butcher Shop Proprietor Hailed Into Court.

Nahant, Mass., July 21.—Mike Di Carlo, Lynn butcher shop proprietor, who recently purchased a home in Nahant's exclusive summer home section, and who erected a placard on the grounds offering free room and board to anyone who cared to be his guest for a week, to-day appeared in the Nahant court on a charge of maintaining a disorderly house. His case was placed on file.

Judge Southwick warned Mike that further complaints of excessive noise at his home from his neighbors would result in immediate prosecution.

Yesterday Di Carlo entertained about 400 men, women and children. Many of these formed a triumphal procession at the butcher shop and marched to Nahant. Mike was hailed into court on complaint of several of his neighbors who have had summer homes in Nahant for generations.

CANDIDATE INTIMIDATED.

By Ku Klux Klan in Missouri and He Removes Advertisement.

St. Louis, July 21.—Robert I. Young of St. Joseph, candidate for the Democratic nomination for United States senator, in a letter made public to-day said he had received notice from the Ku Klux Klan to remove a campaign advertisement which he had contracted for insertion in the Jewish Record, a local Hebrew language newspaper. "I have after the fact a mighty dollar" and ending "to hell with the country."

Fred Weismann, attorney for the newspaper, made public the letter which Young wrote to H. L. White, advertising representative of the paper, in explanation of his refusal to fulfill the contract.

An excerpt from the letter read: "I have always been very friendly to the Jewish public and a myet. I am no moral coward, but I do not care to get a coat of tar and feathers."

Counsel for the paper announced suit would be filed against Young to collect money due it under the contract.

WATERPOWER DEVELOPMENT.

Greater Than at Any Other Period in Nation's History.

Washington, D. C., July 21.—There is more waterpower development under way than at any period in the nation's history, the federal power commission reported to-day in reviewing the results of its two years of administration under the water power act. Applications for water power development have reached a total of 321 and involve approximately twenty million horsepower or more than twice the existing waterpower installation of the country. In the last year they aggregated 6,000,000 horsepower of proposed installations.

Although it has long been able to take final action on more than half of the applications for permits and licenses filed, the commission, the report said, has been forced to delay action on many important projects due, it was said, to a wholly inadequate personnel.

STILL THURSDAY, APRIL 22.

As Far as Senate Legislative Proceedings Are Concerned.

Washington, D. C., July 21.—To-day is the first anniversary of the passage of the administration tariff bill by the house. The leaders on both sides of the Senate are anxious to get it into conference. They are weary of the grind of work on what has become the longest legislative day in the history of the Senate, a day that now has run 2208 hours, or 121 more hours than there were committee amendments to the bill. In the Senate it still is 12 o'clock noon, Thursday, April 20, 1922—the hour the tariff was called up—this bit of legislative fiction being indulged in with a hope of keeping out all other except the most pressing legislation.

But this fiction has not prevented senators from talking on most every subject under the sun.

HANGMAN BUSINESS UNCERTAIN

Income, Therefore, in Doubt, So He Fights Wife's Demands.

Montreal, July 21.—Pleading that his business is uncertain and that his income cannot arbitrarily be increased, Arthur Ellis, hangman, has informed the court that he can spare his wife only \$75 a month instead of the \$110 she asks.

Ellis, now on his way to Vancouver to handle the execution of three men, was brought into police court yesterday on a charge of assault preferred by his wife. The complaint was withdrawn after he promised to give Mrs. Ellis the \$75 and the couple had shaken hands on the bargain.

But Mrs. Ellis has reconsidered, and again is pressing for the \$110. Her husband has been notified that she intends suing for a separation.

MAY NOT SELL SPIRITS.

Thirty Massachusetts Druggists Lose Permits for a Year.

Boston, July 21.—Thirty Massachusetts druggists have been deprived of their federal permits to sell spirituous liquor on prescription during the year ending July 1, 1923, Prohibition Director Elmer C. Potter to-day. Most of the druggists, it was said, have stores in Greater Boston. Director Potter added that he recommended revocation of seventeen additional permits.

DETROIT PAPERS MERGED.

Both Afternoon Publications—Price Of Journal Over \$2,000,000.

Detroit, Mich., July 21.—Purchase of the Detroit Journal by the Detroit News was announced to-day. The newspapers, both in the afternoon, said, are to be merged, the Journal ceasing publication to-day. The total purchase price was in excess of \$2,000,000 it was announced.

PASSENGERS HURLED TO DECK

When Pleasure Steamer Dorothy Bradford Struck By Collier

NEITHER VESSEL BADLY DAMAGED

But Stern of Dorothy Bradford Was Dented

Boston, July 21.—Eight passengers of the pleasure steamer Dorothy Bradford, which makes daily trips between this city and Provincetown, were taken to a hospital to-day suffering from cuts and contusions after a collision between the vessel and the collier Arlington in the upper harbor. The injuries which were said to be slight were caused when the impact of the two vessels threw the passengers heavily to the deck. Several other persons were severely shaken. The collision occurred in a fog. The Dorothy Bradford returned to her pier but resumed her voyage shortly after. The collier also proceeded.

Among the passengers whose injuries were cared for aboard the steamer were Mrs. Ellen McChesney of Baltimore, Mrs. Florence Middleton of New York and Mrs. F. L. Jacobs of Lynnfield. All suffered from bruises and shock.

Dr. Thomas H. Heaton of Cambridge, whose wife was among those hurt, and Miss Mary J. Hall, superintendent of the Cambridge nurses' home, rendered first aid as the steamer made her way back to pier.

The stern of the Dorothy Bradford was dented. There was no apparent damage to the Arlington.

LETTER MAY GIVE CLUE.

To Shooting of Man Which Girl Admits She Is Guilty Of.

Montgomery, Ala., July 21.—Letters said to have been written by Porter McKeehen to 15-year-old Hildred Willis Brewer, his wife's cousin, police said to-day, may aid in bringing to light facts surrounding the slaying of McKeehen near here late yesterday. The girl, who was arrested, was said by the police to have confessed that she did the shooting.

Miss Brewer is a granddaughter of the late Congressman Willis Brewer. Her story is being investigated.

MAY HAVE BOUGHT PISTOL.

Mrs. Clara Phillips Who Is Accused of Murdering Mrs. Meadows.

Los Angeles, Cal., July 21.—Mrs. Clara Phillips, whose trial for the murder of Mrs. Alberta Meadows has been set for September 18, is believed to have purchased an automatic pistol two days before the young widow was beaten to death with a hammer, according to a story the Los Angeles Times published to-day.

The Times located a duplicate record of the sale of the pistol which police departments require all dealers in such articles to keep and found the salesman, who said the woman who purchased the weapon seemed to resemble newspaper pictures of Mrs. Phillips.

ROMANCE ENDS IN SUICIDE.

Bridegroom Hangs Self When Bride Took Offense and Left Him.

Belmont, N. Y., July 21.—A month ago William Mohrman's sweetheart arrived from Germany and two weeks later they were married. The bride took a dislike to her mother-in-law and to living in the country and begged Mohrman, a baker, to move to New York City, but he refused. Yesterday the bride left him, saying she would not return. To-day Mohrman committed suicide by hanging himself in his barn.

CITY OF LIMERICK HAS BEEN TAKEN

And Irish Nationals Are Reported as Having Captured Many Prisoners.

London, July 21. (By the Associated Press).—The city of Limerick has been captured by the Irish national army, says a Central News dispatch from Dublin this afternoon. The nationalists took many prisoners, together with arms and ammunition.

TWO AMERICANS CONNECTED.

With Important Committees of Council of League of Nations.

London, July 21.—Two Americans are now identified with important committees of the council of the League of Nations.

Professor George Ellery Hale, director of the Mount Wilson observatory of the University of California, has been appointed a member of the committee on intellectual co-operation.

Probate Court Transactions.

In probate court to-day, Eva Blanche Jack was appointed guardian of Hermon J. Lloyd A. and Beatrice B. Jack, minors, of Calais. George A. Huntington of Montpelier was appointed administrator of the estate of Phoebe Clifford, late of East Montpelier. Chandler and Scribner of Barre Town have settled their final account as executors of the last will and testament of Sarah J. Hines, late of Barre Town.

Florence H. Whitney was appointed administratrix, de bonis non, in the estate of Eugene P. Harwood, late of Northfield. Edson K. Hill settled his final account as administrator with the will annexed of the estate of John M. Hill, late of Plainfield.

PROPOSED STREET CARNIVAL

By American Legion Post and Auxiliary in August.

At a special joint meeting of Barre post, No. 10, American Legion, and the Auxiliary last evening it was proposed to have a street carnival in Barre during the latter part of August, the carnival to be wholly a "home affair," with all the features put on by local talent excepting perhaps airplane stunts and with all the proceeds, if any, to be devoted to local betterment. There was an extended discussion of the project and all present expressed themselves as in favor of the move and in belief that it would prove a great success.

Committees were named for various parts of the project, and the chairman of those committees will have a meeting in the Legion headquarters this evening to perfect plans. Among the features will be an exhibition of souvenirs brought back from overseas by members of the post. The place for the proposed carnival has not yet been decided upon.

The following committees were named last night: General, the executive committees of the post and the Auxiliary; games, Ed. Lander, Neale Hooker and Ernest Lafayette; advertising, Charles Perry and P. T. Eager; finance, Allan Johnston, Miss Ball; construction, Harold Wagner, Paul G. Gish, Charles Gray, William G. Gibbons, C. Maxwell, C. Holt, R. Patterson, J. Stewart, Bill Sawyer; refreshments, Charles Zanoloni, Mrs. Hinting, Mrs. Hooker, Mrs. C. Morgan, Mrs. G. Fowle, Mrs. O'Grady, R. Lawlis, David McKnight.

Athletics, Lester Williams, Charles Colombo, Dr. R. E. Avery, John Henry and Dr. J. W. Jackson; dance, Ralph Oliver, Peter Morgan, Miss Ena Adler; organization, Robert Mackie, E. C. Duffley, P. D. Leavitt, Mrs. Maxwell, Mrs. C. A. Perry; rest room, Mrs. Sibley; relics, George Demer, Alex. Straiton; transportation, Cecil Dowers, Winnifred Love; car parking, Maurice Watkins, Sam Dowers, George Thayer.

Many of the details are yet to be worked out, but the two organizations are confident they can put on a carnival that will be a hummer.

MISS I. LAND RESIGNS

As Secretary and Treasurer of Goddard Seminary.

At a recent meeting of the trustees of Goddard seminary, the resignation of Miss Julia A. Holland as secretary and treasurer of the school was accepted. Miss Holland, for several years before coming to Barre in May, 1921, was secretary in the governor's office at Montpelier, and resigns the position at the seminary to accept a position as stenographer at Rutland. Miss Holland will continue as secretary and treasurer of the alumni association and will assist the committee in the further campaign to raise, among the alumni and friends of the school, the amount necessary to free the seminary of debt.

Much regret was expressed by the trustees and a resolution to that effect was passed upon the record. They also took the occasion to wish Miss Holland pleasure and success in her new field of work.

Miss Holland has had an important part in the recent success of the school and her unique position, as a person of acquaintance with a large portion of the constituency, together with her pleasing personality and her business ability, has made many valuable friends for her and for Goddard. It is gratifying to all friends of the school to learn that Miss Holland is to continue as secretary and treasurer of the alumni association and render such other service as her new duties will permit.

The trustees elected George Kent to act as treasurer of the seminary.

BURIAL AT BROOKFIELD.

And Funeral of Mrs. John Bjorn Was Held in Barre.

The funeral of Mrs. John Bjorn, who died on July 18, was held from her late home on Cliff street yesterday at 10:30, Rev. F. L. Goodspeed officiating. Burial was in the cemetery at Brookfield. The bearers were Christian Bjorn, John Bjorn, Paul Mattson
